Because Ontario has not been recognized by the National Indian Brotherhood for various reasons and because the full Ontario delegation, observers and delegates, do not look upon the past series of these meetings held in Ontario, including this Conference, as a full consultative effort, we demand that a mechanism be immediately set up to ensure that further consultative efforts take place at the provincial level; and that this be as full, complete, on-going process.

Further, that we strongly request that investigations be immediately implemented into the cause of death, be it, sudden, unnatural, or otherwise, of native persons held within federal, provincial and municipal institutions.
